

Word Pairs Vocab Exercise

Instructions: Use 10 words from your current word list, below. Pair each word with a “partner” from a different part of speech. You don’t have to use every space in the tables below. Use 10 words from past word lists to pair with the new words. When you are finished, choose five pairs to create five sentences with, one pair of words per sentence.

Sentences

1.

2.
